

## Art Idea

There is a green hill, it's sunny and at the top of the hill there is a lady putting mirrors facing the opposite way of the oncoming storm so that she'd see more of the sunny beauty instead of what's truly coming

When the storm shows up she's forced to not only see the storm behind her but the reflection of it which is why she didn't know that there would be an end to it

The mirrors not only distracted her but made the storm feel worse and longer
